RE: MARIE KUG STEVENSON
Dear Phyllis,

The Stevenson Family would like to thank your company and staff for the services you provided to my/our mother last month. We, as family, were thankful that our mother was physically comfortable, and that she was provided the companionship of R.A.H. aides Bethany Blake and Annette High.

Both Bethany and Annette were caring and my/our mother was comforted by their presence. Annette and Bethany also provided our distant family members an opportunity to communicate with mom in her final days.

We are very satisfied with the R.A.H. aides. Bethany and Annette are both

Compassionate and Cautious ladies.
They certainly helped to make the
best of the circumstances of this
sad time in our family's lives.

Sincerely,

Michael ~~Stevenson~~
and Family.
