Right at Home Named by Better Business Bureau as 2010 Integrity Award Winner

(Minneapolis, MN, October 22, 2010) The Better Business Bureau of Minnesota and North Dakota (BBB) recognized Right at Home Twin Cities and South Suburbs as the 2010 BBB Integrity Award winner at a ceremony held at the Minnesota History Center in Saint Paul. The BBB Integrity Awards are presented each year to companies who exemplify ethical behavior and display integrity in all aspects of their operations; toward their employees, vendors, customers, and within their community. Companies must also uphold BBB standards. Winners are chosen by an independent panel of judges.

“The Integrity Awards are always the highlight of our year,” said Dana Badgerow, president and CEO of the BBB of Minnesota and North Dakota. “It’s the night we get to focus our attention on – and applaud – the companies that shine brightest in our region and set the standard by which other companies are measured.”

The Twin Cities and South Suburbs office of Right at Home was recognized as the Category IV (100+ employees) winner.

Paul Blom, owner and chief operating officer of the Twin Cities and South Suburbs office stated, “We could not be more honored to have received this recognition. It is a testament to the compassionate home care our caregivers provide and the way in which our teams dedicate themselves to providing individualized solutions.

Allen Hager, chairman and chief executive officer of Right at Home Inc., stated, “Paul and Bob have worked relentlessly over the past decade to develop their organization into one that provides a client care experience that is just as positive as the experience their caregiver teams enjoy. Their commitment to the people they serve and their teams is reflected in the ongoing recognition they receive. We are truly proud of their continued accomplishment.”
